

Tempilaq®

Fast-indicating surface
temperature coating

Tempilaq® Indicating coating is an efficient, convenient and affordable method to verify the achievement of a specific temperature on a wide range of surfaces under dynamic conditions. Easily painted on any surface, Tempilaq® leaves a irreversible mark that is optimal for heat-treating, preventive maintenance and any other temperature sensitive applications.

- Easy application with quick-dry formula on any surfaces
- Melts at designated temperature leaving a noticeably different mark
- Wide temperature range from 175°F [79°C] - 1900°F [1038°C]
- Excellent accuracy within +/- 1%
- Only use Tempilaq Green Label Thinner to dilute or replace evaporated solvent
- Made in U.S.A.

Industry Uses:

- Heat-treating
- Preventive Maintenance
- Thermal mapping on multiple surfaces
- Annealing
- Industrial Manufacturing
- Metal Fabrication
- Glass Production
- Calibrating industrial ovens

Surface Uses:

- Metals
- Plastics
- Glass
- Rubber

Please see reverse side for part number listing.
